

Landscape of climate finance: From supporting recovery globally to recent advances in the CEE region

Workshop: Domestic Landscapes of Climate Investment & Finance: Technical Exchange

Date: **27 October 2020, 11:00 AM – 1:00 PM (CET)**

Format: Two-hour webinar using GoToMeeting Webinar Platform

Audience: On invitation / approximately 25 participants

Context

As part of the EUKI-supported project “Landscape of climate finance: Mainstreaming climate finance in the CEE region”, this workshop aims to connect the global discussion on tracking climate-related investment and finance flows with recent work in the central and eastern European (CEE) Region.

Workshop objectives

- Provide an updated and an overview of the state of knowledge on tracking climate-related investment at the global and national levels
- Explore the usefulness of this form of data collection and analysis for policy making, particularly as countries move forward with COVID recovery plans
- Present the recent work of experts from the CEE region regarding landscapes of climate finance for specific sectors.

Draft Agenda

11:00-11:10 Welcome & Introduction *I4CE, Wise Europa, NewClimate Institute & EUKI representative*

11:10-11:50: Climate Investment: From Global to National Challenges – How Can Climate Finance Tracking Support Post-COVID Recovery Plans?
